

ESCORING

CLUB OVERVIEW

September 2026

eScoring

- In partnership with PlayHQ, eScoring was launched during the 25/26 season.
- By the end of the season over 70% of NBL games were eScored weekly (over 200 games per week).
- 7/8 March was record weekend with 296 NBL games eScored
- eScoring is mandatory for all NBL fixtures for 26/27 season. Local leagues will provide their own guidance for eScoring.
- eScoring links directly to the player memberships so only eligible players can be added
- Builds a base of player stats so they can see their career history as well as where they sit in their league leaderboards.

Membership Cards

- All logged in users can access membership cards
- Use same details to log in to HoopsHQ as PlayHQ account
- Access via cards tab in bottom right

ACTIVE MEMBERSHIPS

- Red in colour

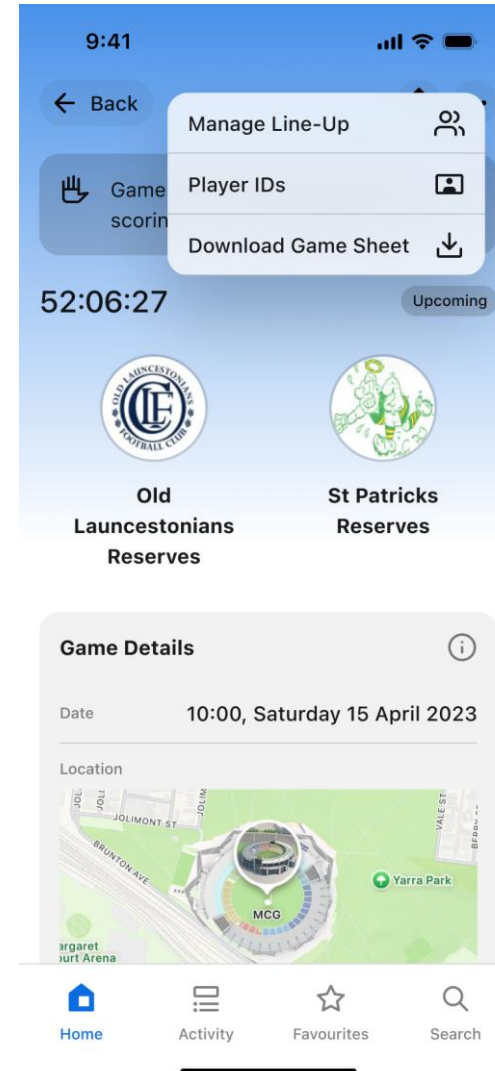

INACTIVE / PENDING MEMBERSHIPS

- Grey in colour

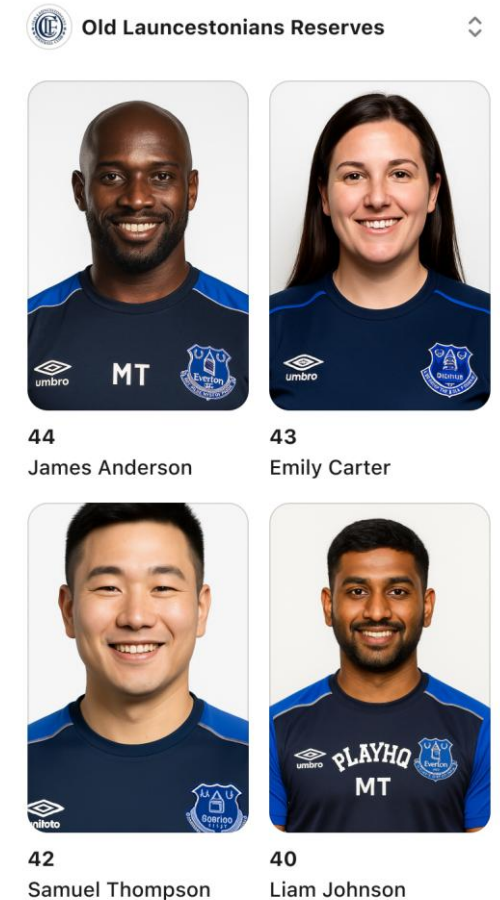

Player ID

- If a player is listed on the Player ID page they are eligible for the game
- Only players who meet the age/gender restrictions can be added
- Suspensions/profile blocks will prevent a player from being added to the game (if a player cannot be added, it is most likely they are ineligible and their license should be checked first)
- Coaches/Bench Personnel will need to show their own membership cards

Player IDs

Demo Site

- There is a demo site for table officials practice use eScoring
- <https://score.playhq.com/demo>
- N.B. the system is currently 2 x 20-minute halves but you can practice in the same way (this is due to change)

Logging in to eScoring

- <https://be.score.playhq.com/>
- To login to eScoring you need to be set up either as:
 - Electronic scoring admin
 - Full access admin
- If your club uses the same regular table officials you can create them their own electronic scoring admin account
- Alternatively, set up a generic escoring admin account with a password you can share amongst your table officials on game day
 - If you have multiple venues, you will need different logins as starting a new session on same login can lose game data

Setting up a scoring session

Setting up a scoring session

- Once logged in click '+New Scoring Session'
- You need to be connected to the internet to start the scoring sessions and download the games to the device
- This can be done from home before the game if you do not have internet at the venue

Scoring Session

There is no scoring session on this device

[+ New Scoring Session](#)

Setting up a scoring session

- Search for your venue
- Select the game day

New Scoring Session

A scoring session is a collection of games you can download to this device across one or more days.

Venue*

Search and select a venue.

Today, 2 Sep 2026

Setting up a scoring session

- Create your pin (this is only used for this scoring session)
- The pin will be needed to end the scoring session

PIN*

The PIN is unique to this device and can be used to securely submit the result at the end of each game.

Confirm PIN

Done

Setting up a scoring session

- Your scoring session is now ready for the table officials
- All games for your club on the day and venue selected will be visible under the ‘upcoming’
- Games can now be scored whether connected to internet or not
- Internet is required to sync the results

Ending a scoring session

Ending a scoring session

- Once all games have been scored and their results published to PlayHQ, you can safely end the electronic scoring session.
- Your game result has been published once it moves to the 'completed' section.
- **Ending the electronic scoring session removes all game results from the device**
- To end a session, select End Session in the top left corner of the day and court selection page

End Session

Are you sure you want to end the session? Ending the session will delete game data from this device.

Cancel

End Session

Ending a scoring session

- Before you end your session you need to ensure all results have synced to PlayHQ – internet is required for this.
- If a game has not been synced you will see this warning triangle
- You can also check HoopsHQ to see if the game is showing as final or in progress

Ending a scoring session

- If you do not have internet at your venue **do not** end the session until you have connected.
- Any games that have not synced will lose all game data if the session is ended before the game has been uploaded.
- eScoring session will stay open until you close it so you can take the device home and connect there without losing data

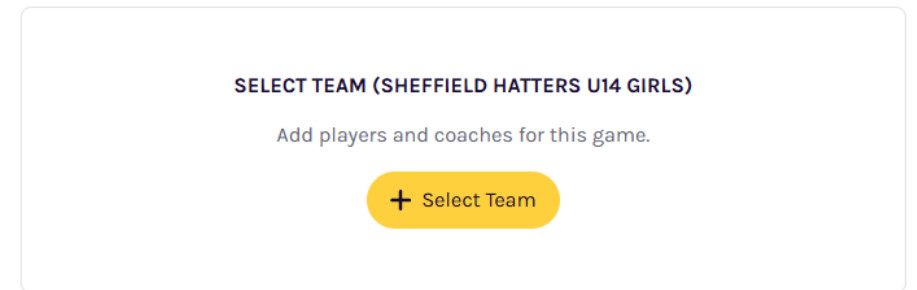

Team Line Ups

Team line ups

- In advance of the game, club admins and coaches or team managers (with management access turned on) can assign players to the team list for the game
- The players and coaches added to the game will then pre-populate eScoring
- These can still be changed by the table officials before the game starts but it helps streamline the game day process

Players

A minimum of 5 and a maximum of 12 players are required for this game.

Out

1	Wyatt Baldwin	+
2	Danyal Bowman	+
3	Tim Clarke	+
4	Caleb Danielat	+
5	Bill Gatwick	+
6	Vance Johns	+
8	Karleigh Larson	+
9	Jonny Lawrence	+
9	Lilly Lawrence	+
10	Tommy Lawrence	+
11	Henry Lawson	+
12	Aaron Naughton	+

Line-up (0/12)

There are no players in the line-up.

3 Tim Clarke

4 Caleb Danielat

5 Bill Gatwick

6 Vance Johns

7 Karleigh Larson

8 Jonny Lawrence

9 Lilly Lawrence

10 Tommy Lawrence

11 Henry Lawson

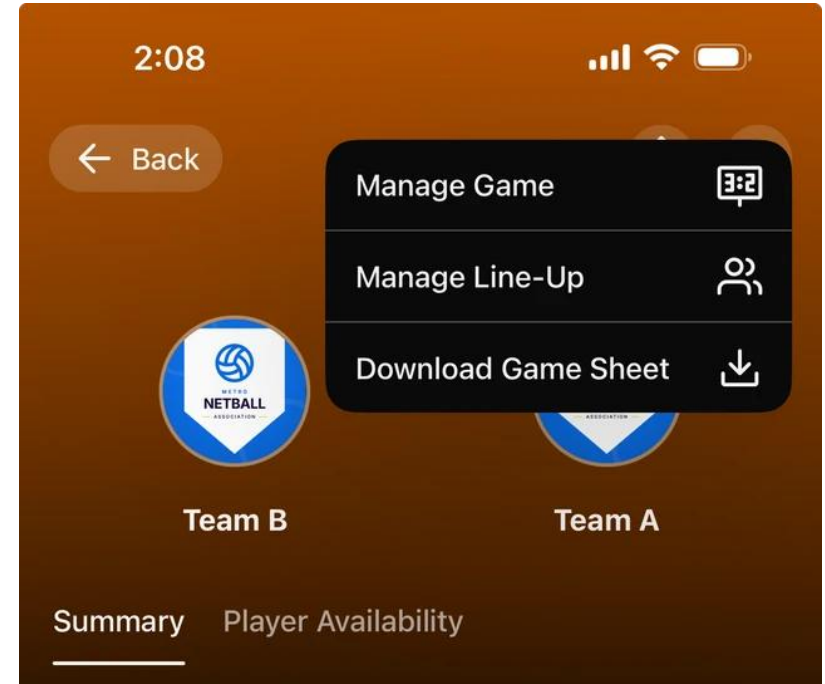

12 Aaron Naughton

Team line ups

- Line ups can also be assigned through the HoopsHQ app
- Once you are on the game, select the menu from the top corner and you will see the 'manage line-up' option

Fill-in players

- Within eScoring this is currently an option for the table officials to use fill-in players if someone is not in the team
- If a player is not able to be selected it means they have not met the eligibility criteria and cannot play in the game
- Fill-in players must not be used for NBL fixtures
- To avoid any issues on game day it is important for all players to be correctly allocated to the team (separate from them being added to the line up on game day)
- If a player is playing for two teams, they need to be allocated to both teams in advance of the game
